Year 4 Multiplication Check:

There are 43 children in year 4. There were 25 questions

70% scored 20 or over

84% scored 18 or over

There is no pass mark for this check but we are confident that this would be at least in line with national data.

Results nationally have seen a drop from 2019 apart from in Reading

	National % at standard	Dallimore % at standard	Dallimore % at greater depth	National average point score	Dallimore average point score
Reading	74%	78%	22%	105	105
Writing	69%	67%	4%	N/A	
SPAG	72%	83%	22%	105	105.8
Maths	71%	76%*	11%	104	104
WRM Combined	59%	61%	4%	N/A	

* one child's Maths paper has gone 'missing'. We are hoping that he will be awarded **at standard** as over two papers he has scored 51 with the threshold for being at standard is 58 points over the three papers. This would bring the Maths % up to 78%

Progress from KS1

It should be noted that we have had 12 new admissions since these children were in Key Stage 1. We have no KS1 result for these pupils. We will receive our progress measure when the National Data is released (usually Sept).
