The Mini Adventures of Freddie:

This lovely story joins Freddie on his adventures. Freddie encounters some first aid situations and is very brave as he is looked after by a grown up. Later in the story, Freddie becomes a hero as he looks after Mummy following a fall.

Sit, Chop, Chew:

Adults often fear children choking, so meal times can be a worry. Introduce your child to this delightful story to teach safe eating practice, prevent choking and put the fun back into meal times.

Elly the Elephant Bump Pad:

Elly the Elephant is a reusable hot & cold gel pack able to treat multiple injuries from bumps and bruises to muscle sprains. Child friendly design, soft gel pack, perfect size for little heads and limbs.
