

The Dallimore Primary and Nursery
School
Community Passport

What this passport is for:

At Dallimore, we are strong believers that being a part of your community, no matter your age, is vitally important to your own personal development. Whilst we do lots of things in school to make sure our children are part of the community, it doesn't stop there!

Being a part of the community can happen at any time and can be as much as raising money for a local charity or as little as picking up a piece of litter.

Being kind, thoughtful and remembering that there are LOTS of other people who are a part of the community will make us better people.

We also know that there are those in our community who may need more than us whether it be support from other members of the community or specialist care. Doing as much as we can to make everybody's lives better will make our community better which is the goal.

How to use the passport:

Each stage on the passport has a set of things for you to do in your community. You can do these on your own (depending on your age) or with a family member. When you've done them, tick them off (and make sure you get some sort of evidence to share with your teacher!)

For each stage, there will be a reward. The rewards are:

Stage 1: A certificate to say you've completed the stage.

Stage 2: A certificate + a tasty chocolatey treat!

Stage 3: A certificate + a trip for a drink at the community café.

Stage 4: A certificate + a FREE ticket to the cinema

Stage 5: A certificate, a FREE trip to Bluebells Dairy and a super special, fancy badge.

Whilst you can do the tasks in any order, you can't get a prize for a higher stage if you haven't completed the lower stages. For example, if you finish everything in stage 5 but nothing in stage 1, you won't get your reward. Make sure you start off with Stage 1 and work your way up. Some things may also take more time and you will need to send a picture to your teacher to show you've done it.

There's also a box that says 'working on'. If you're currently working on one of the tasks then tick it to make sure you remember what you're doing!

How to use the passport:

There are a couple of tasks that require you to walk home either once or for 3 straight weeks. Obviously, if the weather is poor then we don't expect you to walk home in it. Equally, if you live really far away then you won't be able to walk either. Instead of walking home, you could go on a local nature walk or a walk near to where you live.

Some of the tasks might seem a bit 'vague' but that's the whole point! Raising money for a charity or donating to a food bank is something that you can do in your own way. If you want to donate a lot, that's fine. If you can't afford to donate a lot and can only donate one item, that's also absolutely fine. Everything makes a difference.

Please take as many pictures as you can of each of the tasks you do. These can be sent to your teacher or printed and stuck in your passport. This makes it really personal for you.

Lastly, this should be an enjoyable set of jobs. This is also YOUR passport and you can attach photos if you want. You'll be able to keep it forever so look after it!

Stage 5:

1. Raise £200 for a charity of your choice.

Working on: Achieved (with date):

2. Join a new club in Kirk Hallam or Ilkeston (and stay for 6 weeks!)

Working on: Achieved (with date):

3. Organise a fundraising event (with help) for a local charity. Googling local charities and finding one that you like, then emailing them and asking what you can do is a great start.. This can also link to the first job in Stage 5.

Working on: Achieved (with date):

4. Write a letter to the Prime Minister about a problem really important to you. This could be anything you think of but it has to effect lots of people, especially people in Kirk Hallam.

Working on: Achieved (with date):

5. Help other children in school to achieve earlier stages in this book! If you have a younger sibling, cousin or friend then speak to them, see where they are and send pictures of yourself helping them with their earlier stages.

Working on: Achieved (with date):

6. The final task you have is to write a couple of paragraphs about what you enjoyed whilst you were completing these tasks. Being a part of the community is not just something that we do for rewards (although rewards are certainly nice!). It's something we do because doing kind things for everyone around us makes all of our lives better, and it makes us feel really good!

Hopefully by doing all 4-6 tasks in this book, you feel more a part of your community and you want to make it a better place for everyone.
