

Dallimore Primary & Nursery School

Records Management Policy

Introduction and Principles

Management of records by a Public Authority is a legal obligation (Section 46 of the Freedom of Information Act 2000).

The Code issued on 15 July 2021 sets out key principles about records and their management. These are the:-

- Value of the information
- Integrity of the Information
- Accountability for the information

There are a range of statutory, regulatory and guidance that oblige us to accept, create, use, edit, store and dispose of records. It is necessary to establish clarity about records keeping systems.

Aims

- To effectively manage the records that are created and are integral to the operation of the school.
- To confirm a clear framework to manage records and information within the school.
- To provide an environment where records are stored securely.
- To ensure that records are accessible to those who need them.
- To ensure that the school workforce responsible for records management understand these obligations.
- To give effect to the s.46 Code of Practice our records management will take note of the principles it sets out.

Scope

This policy applies to the school workforce and to all schools records, whether the records originate within the school or are shared with the school by other means.

Records that are shared with third parties as a result of consent, regulatory obligations or contractual agreements are within the scope of this policy.

In school the records that we access and hold originate and are stored in a variety of formats, that include physical, digital, electronic audio/visual records. Some are held locally in school, others are hosted by third party providers.

All records are within the scope of this policy, records are required to be stored and retained in accordance with the document retention schedule attached to this policy.

Records may refer to individuals, financial planning tools, contracts, commercial organisations, public authorities or charitable organisations. Some records will contain personal data.

Record retention and storage will be reviewed from time to time to ensure that the aims of this policy are met.

Responsibilities and Actions

The Governing Board is ultimately responsible for this policy, however on a daily basis operational management of the policy is delegated to the head teacher and senior leadership team.

Management of the policy will be reviewed at Governing Board meetings on at least an annual basis and an active retention policy is applied to confirm what records are to be retained and set out a timeline for their secure disposal.

Individual school staff, contractors and volunteers and employees have personal responsibility for records within their control and day to day handling by ensuring that:

- records are to be handled in accordance with the school policies and good practice for secure storage and usage
- keep accurate records as required
- Personal data contained in records is used in compliance with the UK GDPR and school data protection policies and protocols
- personal information is shared appropriately and with a proper legal basis with any third party;
- records are securely disposed in accordance with the school's Records Retention Schedule

Relationship with existing policies and obligations

This policy has been drawn up within the context of:

- Freedom of Information policy
- Data Protection policy
- Privacy Notices
- Data Sharing Agreements
- Information Security policy
- IT security and use policies
- Records retention policy/guidelines

Date of Policy – Autumn 2025

Review of Policy – Autumn 2026
